Allowable Subject Matter

1. Claims 12-18 allowed.

The following is an examiner's statement of reasons for allowance:

The applicants have presented a persuasive argument, see pages 6 of the response filed on 6/23/2006 that the cited prior art of record of Kawano (US 6.759,345) fails to teach there are a plurality of peripheral sections along the boundaries of the polish area and at least a corner section along the corner of the polish area and connecting two adjacent peripheral sections, wherein the peripheral sections have a first width and the corner section has a second width larger than the first width, as required in amended claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
